How it works:

Your Swim School can purchase a monthly or annual subscription to the **Emergency Risk Ready Training** via our WWSS Swim School Hub.

Once subscribed, you will be able to manage your staff training. You can log-in to the platform and allocate ERR Training modules to your staff.

When staff members have completed the modules, you will be automatically notified of their completion so that you can stay up-to-date and know when they are job-ready.

Already a WWSS Swim School Hub Member?

The ERR training modules can be purchased as an add-on to the Swim School Hub platform. Once subscribed, these new modules will be added to your current library so that you can assign them to your staff.
