# MASTER TEACHER OF AQUATICS

## INFANT TO PRESCHOOL

The Master Teacher of Aquatics (Infants to Preschool) course is designed to extend your knowledge and skill set for teaching water familiarisation and basic swimming and water safety to caregivers and their dependent learners from ages 4 months to 4 years.

The course is designed with a best-practice syllabus developed based on the teaching philosophies of Laurie Lawrence. The course is broken down into the critical ages for child and focuses on:

- ✓ Developmental stages
- ✓ Safety considerations
- ✓ Independence in the water
- ✓ Specific skills relevant to the child's age
- ✓ Group teaching methods
- ✓ Parents as assisted teachers
- ✓ Planning, conducting and evaluation education programs.

## GENERAL INFO

- ✓ Pre-requisite is a current SCTA Teacher – Babies and Toddlers accreditation.
- ✓ The course consists of a combination of online theory, quiz assessment and on the job tasks.
- ✓ Total course duration is approximately 20 hours.
- ✓ It is made up of government accredited units of competency.

## NEXT STEPS
